

TR100 TriDri® Fitness Mask

Retail Description:

Created with soft, breathable fabric the TriDri® 3-layer high performance fitness mask is comfortable, washable and reusable. Intended for daily wear as well as for use during sports and fitness activities. With a fully adjustable nose bridge the mask fits perfectly around the face, adjustable ear loops help ensure a snug fit and the structured shape of the mask sits off the face for added breathability. Featuring a water repellent finish to the outside of the mask, the mid-layer offers a breathable foam for added protection, whilst the inner layer is treated with HeiQ Viroblock which actively protects against microbes and germs. The face mask is non-PPE/non-medical use and is aimed to help reduce the spread of airborne germs, a washable carry pouch is included to reduce further infection risk when storing the mask.
